Polymer Feeding

Pond-Pearls™ Biofertilizer with Micronutrients, Organics, and Humates **Continuous Feeding – Aquatic Polymer Coated Granules**

Guaranteed Analysis
TOTAL NITROGEN (N)
 6.5% Ammoniacal Nitrogen* 2.0% Nitrate Nitrogen*
 2.5% Urea Nitrogen* 3.0% Water Soluble Organic Nitrogen
 1.0% Water Insoluble Nitrogen
AVAILABLE PHOSPHATE (P₂O₅)*
SOLUBLE POTASH (K₂O)*
 Calcium (Ca)
 Magnesium (Mg), Total
 0.30% Water Soluble Magnesium (Mg)
 Sulfur (S)
 3.00% Combined Sulfur (S)
 Boron (B)
 Iron (Fe), Total
 0.10% Chelated Iron (Fe)
 0.50% Water Soluble Iron (Fe)
 Manganese (Mn)
 Molybdenum (Mo)
 Zinc (Zn)

Derived from: Polymer-coated Sulfur-Coated Urea; Polymer-coated Ammonium Phosphates; Polymer-coated Ammonium Nitrate, Calcium Phosphates, Potassium Sulfate; Magnesium Oxide, Magnesium Sulfate, Feather Meal, Sea Bird Guano, Sodium Borate, Iron EDTA, Iron Sucrate, Ferrous Sulfate, Manganese Sucrate, and Zinc Sucrate.

*This product provides coated slow-release: Nitrogen (N) – 13%, Available Phosphate (P₂O₅) - 12.0%, and Soluble Potash (K₂O) – 12.0%.

Information regarding the contents and levels of metals in this product is available on the internet at <http://agr/wa/gov>

ALSO CONTAINS NON-PLANT FOOD INGREDIENTS: 1.0% Humus (0.5% Humic Acids) derived from Humus Shale Ore, 0.1% Sea Kelp Extracts derived from Ascophyllum nodosum, 0.1% Yucca Extracts derived from Yucca schidigera. AgSafe Pond-Pearls is a trademark of AgriTab Corporation Revision 10.2015

By Wt **SUGGESTED APPLICATION:**
 15.00% **Container Potting:** Place a small layer of potting soil at the bottom of the container. Sprinkle 2 TBSP (36g) of Pond-Pearls on top of the soil layer. Apply 2 TBSP per gallon size container. Fill container with more soil, position the plant, and add remaining soil.
 13.00% **Bulk Soil Incorporation:** Mix 15-18 pounds of Pond-Pearls per cubic yard potting soil. For heavy eater plants like like Lotus, Water Iris, etc. may need more than 18 lbs. For best results – try various amounts to determine the optimum fertilizing levels.
 2.00% Repeat feeding with Aquatic-Tabs or Aquatic-Spikes to promote stronger blooming.
 1.00% *If Top-Dress Feeding – use 1 TSP or less per gallon pot*
 1.00% **No Plastic Shells – Pond-Pearls™ polymer coating is a natural environmental safe coating and breakdowns unlike other plastic coatings that float on pond water, clog filter systems, and take years to breakdown in the environment.**
 0.07% **Binary Feeding Technology – apply in Fall when potting tubers, fortifies roots with some nutrients in Fall before dormancy, consistently releases more nutrients in Spring and Summer when pond temperatures rise and plants need more nutrients.**
 0.0005%
 0.05%

CAUTION: KEEP AWAY FROM CHILDREN AND PETS. DO NOT INJECT. STORE IN COOL DRY PLACE. WILL NOT HARM FISH AND AQUATIC LIFE WHEN USED AS DIRECTED.
